NEW RULES FOR FEDERAL COURT

Parties to Suit Must Pay Jurors Fees in Advance—Grand Jury Report.

The Federal court held two brief sessions yesterday, morning and afternoon. At the morning session the petition of C. T. Amara for discharge from bankruptcy was received, and the day for hearing fixed for November 18th.

The Grand Jury did not report during the day but considered the charge of slavery made by Judge Estee, and heard numerous witnesses in their investigation. High Sheriff Brown and Deputy Chillingworth presented the evidence to the Grand Jury. It is quite probable that a final report will be made some time today. One of the cases to be reported upon will be that of Contractor Campbell.

At the afternoon session the court adopted two new rules of practice, as follows:

No. 135.—In all civil actions tried by a jury, where the United States is not a party, each party shall deposit with the Clerk of the Court the sum of \$24, being the amount of the fees of the jury for said day; upon the finding of the verdict, the party in whose favor said verdict shall be found, shall through said clerk, pay the fees of the jury, and shall tax said fees in his cost bill as costs against the losing party. The funds deposited by the losing party shall upon the coming in of the verdict be returned to him by the Clerk.

No. 127.—In all actions, suits and proceedings in said Court which are commenced by the filing of a verified complaint, whether a verified complaint be required by the rules of Court or not, it shall be the duty of the opposing party to verify his answer or other pleading in bar.

JESSE JAMES' OATH.

It Will Be Sworn to at a Chinese Audience Tonight.

The Youths' Dramatic Club has signed a contract to play "Jesse James' Oath" at the Chinese theater tonight. The show starts at eight o'clock and after two hours of Jesse James the Chinese stock company will put on "Bo Mun Yok Kin" or "What is it all about?"

Vocal and instrumental talent from Camp McKinley will walk the boards hand in hand with the gory Jesse and it is not improbable that the whole battalion will be needed to preserve order before the curtain rings down.

The manager of the Youths' Dramatic Company announces that as tonight's performance is in the nature of an experiment, a net will be used.

Japanese Warship Building.

Japan is rapidly developing shipbuilding operations in its dockyards and within five years will be independent of foreign shipbuilders. At the present two protected cruisers, named Nikata and Tsuchi-ma, each of 3,420 tons displacement, are being built at the Yokosuka dockyard. They are 334.6 feet in length, 43.7 feet beam and 10 feet draught, with engines of 3,400 horsepower, calculated to give a speed of twenty knots. Four destroyers of 361 tons and twenty-nine knots speed are also being built at that yard, while at the Kure dockyard six torpedo boats of 152 tons and twenty-nine knots are in course of construction. The armor and steel plant now being established by the Japanese government is estimated to cost \$3,168,732 to be completed in five years—Chronicle, Oct. 14.
